

Dear Educator:

Thank you for choosing California State University Fullerton for your Professional Development university credits. These units are designated 900 course numbers and are graduate level courses earning semester credit for professional development and can be applied as a means towards movement on your district salary schedule or towards renewal of your credential. (The units are not applicable for Master's degrees.) You will earn one to two units for the Core Knowledge Training.

Please read and complete:

- Registration Form (please enclose a personal check or credit card information)
- "Next Steps" Directions/Recommendations

CSUF requires payment of \$90 per college credit, and completion of a 1-2 page "Next Steps" paper in order to earn credit.

If you have any questions, please contact me at: [fberry@fullteron.edu](mailto:fberry@fullteron.edu)

Sincerely,  
Frank Berry  
Assistant Director Education Programs

## Core Knowledge Training

In order to receive course credit, CSUF requires each student to attend a minimum of **fifteen (15) hours for one semester unit or 30 hours for two units** of the approved training. The participant must also submit an acceptable "Next Steps" paper that meets the standard of an upper division level paper to the instructor of record. The paper must be postmarked no later than December 11, 2005.

Please complete the "Verification of Hours" segment of this sheet, and return it with your "Next Steps" paper to the instructor of record. *(Please do not send registration payment to the instructor.)*

### "Next Steps" Directions

The "Next Steps" paper is not a summary report. Please select two or three of the workshops you attended and write a 1-2 (in total) page plan of how you will implement the information, strategies, and materials you received.

*I hereby certify that I have attended the entire two-day preschool training module for each unit of credit for which I enrolled.*
