PRESCHOOL

Core Knowledge Language Arts®
Dear Family Member,

Your child probably already likes to talk about his/her family. At school, we will be learning all about families and how they love us and help us grow and change! We will learn all kinds of words to describe families. We will also be talking about routines and chores that show your child the daily tasks, such as brushing teeth, or putting away toys.

Below are some suggestions for activities you might do at home to help your child remember what they are learning about at school:

1. Read Aloud Each Day

Children love hearing stories, especially before bedtime. Before you read a book, talk about the title of the book and what it might mean. As you read books, point to and label the various family members who are characters in the story.

2. Sing Nursery Rhymes

Nursery rhymes are a fun way for children to learn the rhythm and sounds of language. Your child may come home singing and doing the motions for “Rain, Rain Go Away” and “Hey Diddle Diddle.” The words to “Rain, Rain Go Away” are

rain, rain, go away,

and the little monkey,

is crying in the tree.

Sing nursery rhymes with your child and have your child repeat the words in the song that rhyme (away, day, play). You could also share your own favorite nursery rhymes with your child.

3. Talk About Chores and Daily Routines

As you and your child do chores and routines each day, talk about what they are, why they are important, and how you help your child do things that are difficult to do alone. In class, your child will be introduced to jobs in the classroom. You might make a daily schedule that shows your child the daily routines and chores expected of him or her. Make these simple and attainable.

4. Practice Drawing

Your child is doing lots of activities to develop fine motor skills. Have your child draw pictures of his or her family or have your child illustrate his or her own daily schedule. Encourage your child to draw pictures of his or her family and think markers. Draw a picture of your family and talk about what you like to do. Your child probably already likes to talk about his/her family. At school, we will be learning all kinds of words to describe families. We will also be talking about routines and chores that show your child the daily tasks, such as brushing teeth, or putting away toys.
Show and Tell: Family Celebrations and Traditions

Later in this domain, our class will be exploring different family traditions and celebrations. Talk with your child about his or her favorite family tradition, celebration, or holiday. Discuss why it is important to your family and what you do to celebrate or honor a tradition. Please send in an object or photograph that is representative of your family’s favorite celebration for your child to share with the class. For example, if your child likes to celebrate his/her birthday with a birthday cake, you might send in a birthday candle for your child to show.

Rain, Rain Go Away

Rain, rain, go away,
Come again another day,
Little [child’s name] wants to play.
Rain, rain, go away.
My Horse

My horse’s legs are tall and fine.
Top to bottom, make a line.
Make it straight and make it tall.
Top to bottom, one and all.
The fence is long and painted white. Make a line from left to right. Left to right, make it flat—No bumps or wiggles, now look at that!
Dear Family Member,

During our Families and Communities domain, your child will have a chance to share a favorite family tradition with the whole class. First, help your child pick out an object, picture, or photograph that is important to a tradition or holiday your family celebrates. Then, talk with your child about your favorite family tradition and answer the questions below.

1. What is a tradition or holiday that your family loves to celebrate?
   When do you celebrate it?

2. How does your family celebrate this special occasion?

3. What object or picture is your child bringing to school for Show and Tell?
   Why is it special?

4. Is there anything else you would like your child’s teacher to know in preparation for the Show and Tell activity?

Send this form and the object to school with your child for Show and Tell.

Share a Family Tradition
My Horse

My horse's legs are tall and fine.

Top to bottom, make a line.
Make it straight and make it tall.
Top to bottom, make a line.

4-1
The Fence

The fence is long and painted white.
Make a line from left to right.
Left to right, make it flat—
No bumps or wiggles, look at that!
Dear Family Member,

Today your child listened to a read-aloud about families. Read the poem to your child and talk about how your own family works and plays together. Please remember to send in your Family Celebrations and Traditions questionnaire along with an object or picture for Show and Tell.

Families Work and Play Together

Families do activities, like sing and work together. Please remember to send in your Family Celebrations and Traditions questionnaire along with an object or picture for Show and Tell.

Today your child listened to a read-aloud about families. Read the poem to your child and talk about how your own family works and plays together. Please remember to send in your Family Celebrations and Traditions questionnaire along with an object or picture for Show and Tell.
Some Dads make you breakfast. Others put you to bed. Parents help you stay organized and make sure that you’re well-fed.

Tito brushes his teeth after breakfast and at bedtime, too. Mona’s job is to walk her dog, Maggie, and give her toys to chew.

“No TV until after dinnertime!” says Grandpa while he cooks. “Your dad will help with homework and then we’ll read a book.”

“Do you know how much I love you?” Moms repeat these words each day. So despite all the chores and homework, home’s where kids are happy to stay.
My Horse's legs are tall and fine. Top to bottom, make a line. Make it straight and make it tall. Top to bottom, one and all.
The Fence

The fence is long and painted white.

Make a line from left to right.

Left to right, make it flat—

No bumps or wiggles, now look at that!
Big Gumball Machine

First look at the color blocks and talk about the colors. Then ask your child to find gumballs that match each of the color blocks.

Have your child find things in the room where you are working that are the same colors as the color blocks.
Dear Family Member,

There are many exciting things about being a human being. We are learning all about family traditions and celebrations, communities, and community helpers. We will also be talking about what words and letters are, practicing rhyming, drawing and painting, and learning to blend compound words.

At school, your child is practicing writing strokes by drawing horizontal, vertical, and diagonal lines, circles, crosses, and X's. As your child draws with crayons, encourage him/her to show you the writing strokes he/she is learning in school.

Below are some suggestions for activities you might do at home to help your child remember what they are learning about at school:

1. Read Aloud Each Day
   - Children love hearing stories, especially before bedtime. As you read each book, remember to talk about the words on the page and the direction you read (left to right, top to bottom). You could also count words on a page with your child as you read each book.

2. Sing Nursery Rhymes
   - Nursery rhymes are fun ways for children to learn the rhythm and sounds of language. Your child may come home singing and doing the motions for “Teddy Bear, Teddy Bear” and “A Tisket, A Tasket.” You could also share your own favorite nursery rhymes with your child.

3. Practice Rhyming
   - Your child is doing lots of activities to practice rhyming at school. Have your child practice identifying rhyming words in nursery rhymes and in everyday language. You can also help by asking questions like, “What word rhymes with ‘bath’?”

4. Practice Drawing
   - At school, your child is practicing writing strokes by drawing horizontal, vertical, and diagonal lines, circles, crosses, and X’s. As your child draws with crayons, encourage him/her to show you the writing strokes he/she is learning in school.

Dear Family Member,

Families and Communities: Letter 2
Teddy Bear

Teddy bear, teddy bear, turn around.
Teddy bear, teddy bear, touch the ground.
Teddy bear, teddy bear, climb the stairs.
Teddy bear, teddy bear, comb your hair.
Teddy bear, teddy bear, turn off the light.
Teddy bear, teddy bear, say goodnight.
PRE-WRITING STROKES: DIAGONAL LINE

**Baby Goat**

The newborn goat runs to and fro.
Start up top and down you go.
Slide down the line and keep it straight—
Top to bottom, hey, hey.
Now let's slide the other way—
Top to bottom, hey, hey.
PRE-WRITING STROKES: CIRCLE

The Piglets

The piglet sniffs with a big round nose—
Down and around the circle goes.
Draw the faces one by one.
Don't stop now, we've just begun!
The newborn goat runs to and fro.
Start up top and down you go.
Slide down the line and keep it straight—
Top to bottom, you're doing great.
Now let's slide the other way—
Top to bottom, hey, hey, hey.
The Piglets

Don’t stop now, we’ve just begun!
**Tropical Fish**

**Directions:** Show your child the fish and their diagonal stripes. Ask him/her to make more stripes by drawing the same kind of lines on the fish. Hold your child’s hand gently to show him/her how to always start from the top.
Acknowledgments

These materials are the result of the work, advice, and encouragement of numerous individuals over many years. Some of those singled out here have already

The Core Knowledge Language Arts series is a curriculum designed to help teachers improve their classroom interactions with students. The materials provide clear guidelines and strategies for teaching reading, writing, and critical thinking skills, with an emphasis on vocabulary building and comprehension. The series is intended to support teachers in creating engaging, effective learning environments for all students.

The series is composed of various levels, each focusing on specific age groups and grade levels. It is designed to be flexible and adaptable to different classroom situations, allowing teachers to customize their instruction to meet the needs of their students.

Contributors to earlier versions of these materials:

We would like to extend special recognition to Program Directors Matthew Davis and Souzanne Wright who were instrumental to the early development of the program.

Schools

The Core Knowledge Language Arts series has been implemented in schools across the United States, providing a strong foundation for student learning. These schools are diverse in nature, from urban to rural, and from different cultural and economic backgrounds. They have embraced the Core Knowledge approach, which is centered on the idea that all students, regardless of their background, can learn and succeed.
