This Workbook contains worksheets that accompany many of the lessons from the Teacher Guide for Unit 4. Each worksheet is identified by the lesson number in which it is used. Some of the worksheets in this book do not include written instructions for students because the instructions would have contained nondecodable words. The expectation is that teachers will explain these worksheets to students orally, using the guidelines in the Teacher Guide. Nondecodable instructions are also included along the side of each of these worksheets, and are only meant to be read aloud by a teacher or family member. The Workbook is a student component, which means each student should have a Workbook.
Dear Family Member,

Today our class started the Unit 4 of the Core Knowledge Language Arts program. The Reader for this unit is called *The Green Fern Zoo*. Your child will bring home stories you can read together about zoo keeper Vern and the different types of animals he cares for at the Green Fern Zoo. Remember that reading at home with your child is important for their success as a reader.

In addition, your child’s spelling words for this week include the days of the week. Students will practice writing the date, including the days of the week. All of the spelling words this week are Tricky Words. Tricky Words do not play by the rules, meaning there are spellings that do not sound the way students would expect them to. These words need to be memorized, so your child will benefit from practice reading and writing them.

2. herd

3. perch
Directions: Have students write the words with the /r/ sound under the ‘red’ header and the words with the /er/ sound under the ‘her’ header.
Dear Family Member,

Your child has been taught to read words with the vowel digraph, or letter team, ‘er’ as in *her*. To practice this new spelling, ask your child to cut out the word cards below. In addition to the ‘er’ spelling, some of the words below are Tricky Words and previously taught spellings. Have your child read all of the words aloud, and arrange the cards to make phrases such “the herd” and “one fern.” You may also ask your child to copy the phrases onto a sheet of paper. Please keep the cards for future practice.

Dear Family Member,

This is a story your child has probably read once, possibly several times, at school. Encourage your child to read the story to you and then talk about it together. Note that the tricky parts in Tricky Words are underlined in gray, and the new sound-spellings in this unit are bolded.

Repeated oral reading is an important way to improve reading skills. It can be fun for your child to repeatedly read this story to a friend, relative, or even a pet.

Meet Vern

My name is Vern, and I have the best job! My job is to take you kids in to see the Green Fern Zoo.

We will see things with wings and things with scales, things that bite and things that sting, things that creep and things that swim.

I have lots of fun facts and tales to share with you. So let’s see the zoo and have some fun!
Dear Family Member,

Your child’s spelling words for this week include the ‘er’, ‘ar’, and ‘or’ spellings that your child has been learning in this unit. Your child should practice reading and writing these words. The last spelling word is a Tricky Word. Tricky Words do not play by the rules, meaning there are spellings that do not sound the way students would expect them to. These words need to be memorized.

Dear Family Member,

This is a story your child has probably read once, possibly several times, at school. Encourage your child to read the story to you and then talk about it together. The tricky parts in tricky words are underlined in gray. Please note that the multi-syllable words that students encounter in the Readers and Workbook will be divided between syllables with a dot. This dot serves as an early cue to assist students in chunking words, and will be omitted in later units.

Repeated oral reading is an important way to improve reading skills. It can be fun for your child to repeatedly read this story to a friend, relative, or even a pet.

**Things That Swim**

I hope you kids like things that swim, be·cause this is the room where we keep all the fish.

The fish here are trout. A trout is a fish that swims in cool lakes and creeks. You can see that they have lots of spots and marks. The spots and marks help the trout hide. They make the trout look a lot like the sand on the bed of a creek.
Here’s a big fish that makes all of the wee fish run and hide. This is a reef shark. It has that name because it likes to make its home close to a reef, where there are lots of fish.

You can see that the reef shark has fins and a set of gills on its side. You can not see them from here, but this shark has lots of sharp teeth in its mouth.

Would a reef shark bite you? Well, you are not the lunch that this shark would like best. A reef shark likes to feed on squid, crabs, and shrimp. But it would be smart not to get the reef shark mad at you all the same!
Chimps

1. Green Fern Zoo has ______ chimps.

Chimps

Next, let’s see the chimps. We have ten chimps here at the Green Fern Zoo. You can see them all out there if you look hard.

The one you see here is Bess. She has a snack in her mouth. Bess and the rest of the chimps like to munch on plants, nuts, and seeds.

Do you see that chimp with the stick? That’s Bart. Bart likes to have ants for lunch. To get the ants, he takes a stick and sticks it in an ant hill. Then he lifts it up
and licks off the ants. Yum, yum!

The chimp with the rope in his hand is Max. He’s just a babe. He was born in March. Bess is his mom.

Max is a lot of fun. He likes to swing on the rope and splash in the pool.

The two chimps up on the rocks are Carl and Norm. Carl is the one on the left. Carl and Norm are pals. But they were not pals last week.

Last week we gave them a branch from a fig tree for lunch. Norm took the branch and ran off with it. He ate all of the figs. Carl was mad at Norm all week.

But that was last week. This week the two of them are pals.
Dear Family Member,

Our class has begun reading and writing two-syllable words. The spelling words this week are two-syllable words which may be more challenging than the previous one-syllable words. Your child may find it helpful to practice writing and remembering the spelling words syllable by syllable.

Mandrills

Here you can see two man·drills. Man·drills are a lot like chimps.

Do you like the red nose? The man·drill with the red nose is a male.

The man·drill on the left is groom·ing the male with the red nose. She is look·ing for ticks and bugs. Man·drills like groom·ing be·cause it makes them look good and feel good, too.
Look! One of the man·drills is yawn·ing! You can see that he has long, sha·rp teeth. Those sha·rp teeth help him chop up his food.

Man·drills like a lot of foods. We feed our man·drills ants, grass, nuts, bark, plant shoots, and roots.

Man·drills have sacks in·side their cheeks. They can stuff food in the sacks and keep it there un·til they need a snack. Then they pop the food out and munch on it!

Dear Family Member,

Your child has been learning about contractions, nouns, and verbs. For the first part of this worksheet, have your child circle the nouns in the sentence, and underline the verbs with a squiggly line. Review with your child that a noun is a person, place, or thing, and a verb is a word that shows action. Please note that the number of nouns in each sentence is noted in parentheses. For the second part, have your child draw a line to match the words with its contraction.

1. The cat naps in the yard. (2)
2. The cook made a cake. (2)
3. The kid rides a bike to the park. (3)
4. The tree shakes. (1)

Dear Family Member,

The spelling words for this week are two-syllable words that contain the ‘er’, ‘ar’, and ‘or’ spelling. Your child can practice reading and writing these words, as well as clap the syllables for them. The last spelling word is a Tricky Word. Tricky Words do not play by the rules, meaning there are spellings that do not sound the way students would expect them to. These words need to be memorized.

Dear Family Member,

Your child has been practicing reading two-syllable words. Below are two sections from a story about reptiles at the Green Fern Zoo. Have your child read the story and fill in the blank with the correct word.

| crit·ters | gar·ter | harm·less | kill·er |

This is a ____________ snake. Gar·ter snakes feed on slugs, in·sects, and frogs. For those ____________ , the gar·ter snake is a ____________ . A gar·ter snake could bite you, but its bite would not make you sick. For us, a gar·ter snake is ____________ .
This is a _________________. A ratt·ler is a des·ert ________________ that hunts for rats and rabb·its. He has a ____________ on his scales that helps him blend in and hide in the ________________ sands. When the ratt·ler is hidden, it is hard for rats and rabb·its to see him.
Dear Family Member,

This is a story your child has probably read once, possibly several times, at school. Encourage your child to read the story to you and then talk about it together. The tricky parts in Tricky Words are underlined in gray. Please note that the multi-syllable words are divided between syllables with a dot. **Things With Wings**

Next, let’s see some things with wings.

This is a puff·in. He makes his home up north, not too far from the North Pole.

Look at those cute feet! But they are not just cute. The puff·in’s feet help him swim.

Note, as well, his big bill. The puff·in can use his bill to get fish.
Puff·ins are born from eggs. The puff·in mom and dad sit on their egg. The mom sits. Then the dad sits. In the end, the chick pops out of the shell. The mom and dad take care of the chick un·til it can care for it·self. Look! That puff·in has fish in her bill! She will feed those fish to her chick.

In this next room, we have a finch. Un·like the puff·in, the finch makes a home in wood·lands. He can use his bill to snap up grass seeds for food.

I’m sad to tell you that the finch is gett·ing to be quite rare. We are proud to have five of them here at the Green Fern Zoo.
Directions: Have students underline the past-tense marker ‘ed’ in each verb. Then have students write the final sound(s) in each word in the slashes. Then have students write the past-tense verbs that end in /d/ under the /d/ header, the verbs that end in /t/ under the /t/ header, and the verbs that end in /ed/ under the /ed/ header.

Dear Family Member,

This is a story your child has probably read once, possibly several times, at school. Encourage your child to read the story to you and then talk about it together. The tricky parts in Tricky Words are underlined in gray. Please note that the multi-syllable words are divided between syllables with a dot. This dot serves as a cue to assist students in chunking syllables, and will be omitted in later units.

Repeated oral reading is an important way to improve reading skills. It can be fun for your child to repeatedly read this story to a friend, relative, or even a pet.

Big Cats

Do you like cats? If you do, look there in the grass. Do you see the cat?

That is not the sort of cat that you keep in your home and feed cat food. That is a bob-cat.

Bob-cats are good hunt-ers. They hunt rabb-its, rats, and some-times deer and sheep.

That bob-cat’s name is Rob-ert, or Bob for short. Get it?
If you look up on that rock, you will see a cat that’s bigger than a bobcat. It’s a panther.

Panthers can have spots. They can be tan, too. Here at the Green Fern Zoo, we have two black panthers. The name of this one is Jet.

That’s Jet’s sister, Flash, up on the tree branch. Flash has strong legs that help her run fast. She has sharp teeth and sharp claws that help her hunt rabbits and deer. She can use her claws to scamper up a tree if she needs to.

You can see that she is not all black like Jet. She has some spots.

Amber the Bat

This is Amber. Amber looks a bit like a fox. But she has wings and swings from trees. In fact, Amber is a bat.

Amber needs a lot of room to glide back and forth because she has a wing-span of five feet. In fact, bats like Amber are the biggest bats there are!

Amber makes her home here at Green Fern Zoo. She has all the room she needs at the zoo. Some bats like Amber make their homes in the tropics, where the sun shines and it is hot.
Bats like Am·ber feed on plant parts and poll·en. They can smell lots of things, so they use their nose to look for food. They use their wings to glide from plant to plant to gath·er their food. In fact, they can trav·el up to 40 miles to gath·er food!

Look at Am·ber here in the tree. Am·ber likes to do things up·side down. She hangs out up·side down. She sleeps up·side down. When she has food, she clings to the branch with her feet and will munch on her food up·side down! What can you do up·side down?
1. What is Am·ber?
   - a fox
   - a bat
   - a dog
   - a cat

2. Am·ber’s wings are ______ long.
   - three feet
   - three wing-spans
   - two feet
   - five feet
3. Where do bats like Am·ber make their homes?
   - up in the north
   - in the trop·ics
   - in the des·ert
   - in cool lakes

4. What do bats like Am·ber feed on?
   - fish
   - grubs and slugs
   - milk
   - plant parts and poll·en

5. What part do bats like Am·ber use to look for food?
   - nose
   - legs
   - teeth
   - fins
6. Bats like Am·ber can trav·el . . .
   ○ up to 10 miles to gath·er food
   ○ up to 40 miles to gath·er food
   ○ as far as three miles to gath·er food
   ○ as far as five feet to gath·er food

7. What things can Am·ber do up·side down?
   ○ sing a sweet song, sleep, and munch on food
   ○ hang out, trav·el, and sleep
   ○ hang out, sleep, and munch on food
   ○ just munch on food
8. It says, “Am·ber needs a lot of room to glide back and forth . . .”

Glide is a word for:

○ swim
○ travel
○ hop
○ sleep

9. Why would Am·ber need a lot of room to glide back and forth?

○ be·cause there are lots of bats at the zoo
○ be·cause she is one of the bigg·est bats there are
○ be·cause there are lots of in·sects at the zoo
○ be·cause there are trees at the zoo

Dear Family Member,

This is a story your child has probably read once, possibly several times, at school. Encourage your child to read the story to you and then talk about it together. The tricky parts in Tricky Words are underlined in gray. Please note that the multi-syllable words are divided between syllables with a dot. This dot serves as a cue to assist students in chunking syllables, and will be omitted in later units.

Repeated oral reading is an important way to improve reading skills. It can be fun for your child to repeatedly read this story to a friend, relative, or even a pet.

Mandrills

Here you can see two man·drills. Man·drills are a lot like chimps.

Do you like the red nose? The man·drill with the red nose is a male.

The man·drill on the left is grooming the male with the red nose. She is looking for ticks and bugs. Man·drills like grooming be·cause it makes them look good and feel good, too.
Look! One of the man·drills is yawn·ing! You can see that he has long, sharp teeth. Those sharp teeth help him chop up his food.

Man·drills like a lot of foods. We feed our man·drills ants, grass, nuts, bãrk, plant shoots, and roots.

Man·drills have sacks in·side of their cheeks. They can stuff food in the sacks and keep it there un·til they need a snack. Then they pop the food out and munch on it!

Groundhogs

Here you can see a ground-hog.

Ground-hogs have sharp claws that help them dig holes in the ground. They spend a lot of time down in those dark holes.

Ground-hogs like to feed on grass and plants. But when they run out of their holes to get food, they have to be on the look-out. Some crit-ers, like bob-cats and snakes, like to dine on ground-hogs. This ground-hog here is sitting up to see if there is a snake or a bob-cat close by.
This ground-hog is named Pepper. We feed her grass, tree bark, and insects, but the food that she likes best is corn. We found that out yesterday morning when she got out from her pen.

We found her in the petting zoo. She ate a lot of the corn that was there for the ducks and hens.

**Termites**

What do you kids like to have for lunch? Hot dogs? Chicken nuggets?

What if I gave you a lump of wood or a big tree stump for lunch? Would you like that?

Well, if you were a termite, you would like it. Termites are insects that like to munch on wood.

See this big spike sticking up from the ground? It looks sort of like a rock, but it is a termite mound. If you could look inside, you would see lots of termites.
If you would like to see what ter·mites look like, take a peek in this box.

As you can see, ter·mites look a lot like ants. They have six legs like ants. A ter·mite mound has a queen who makes eggs, just like in an ant·hill. Here you can see that the ter·mite queen is much bigg·er than the rest of the ter·mites.

Would a ter·mite munch on your home? It would if your home is made of wood. The ter·mites from a big mound could have your liv·ing room for lunch and your bed·room for dinn·er!
