Lyrics of **“Asking to Share”** from Core Knowledge Social Skills CD:

(Call and Response)

Would you like to share?

To share with me?

Would you like to share?

To share with me?

Would you share your books with me? OK.

This one starts with ABC.

Would you like to share?

To share with me?

Would you like to share?

To share with me?

Would you like to share?

To share with me?

“Would you share your paints again?” “Not right now.” “Maybe, I’ll play dress-up then.”

Would you like to share?

To share with me?

First I’ll think about what I want you to share.

Then ask if it’s ok— “Will you share?”

I won’t shout. I’ll use a friendly voice,

Then listen to what you say.

Would you like to share?

This song with me?

Would you like to share?

This song with me?

We could start with you and me.

Add another, we’d have three.

Think how nice this world could be . . . when we share.
